A PERSONAL APPROACH TO GENETIC COUNSELING

Genetic testing in reproductive medicine can be complex and lead to challenging decisions. Recombine and Reprogenetics are committed to offering personal, in-depth genetic counseling to responsibly guide patients through the carrier screening and PGD/PGS process.

AVAILABLE & ACCESSIBLE

Hours to fit any schedule and a team of experts large enough to accommodate every patient

30-60 MINUTE IN-DEPTH CONSULT

Whether your patient has one question or 100, we take the time to answer them all

PERSONAL & FAMILY MEDICAL HISTORY

Our “whole patient” approach includes a risk assessment that goes beyond the test results

CONTINUITY OF CARE

Our genetic counselors are there throughout the entire process and always available for follow-up

DETAILED SUMMARY LETTER

We write and send a complete account of every consult, keeping you involved and informed

ON-DEMAND PROVIDER SUPPORT

Counselor of the day program provides dedicated support for you and your patients
